EDITORIALS
GOVERNOR Cox may reduce rents
with his voice, as he reduced the cost
of food a year ago.

WILSON reduced the H. C. L.
Cox reduced the H. C. L.; Palmer re-
duced the H. C. L. Thanks.

A killing cartoon is printed by
the National Republican. A digni-
fied cotton colonel labeled "Kunnei
Democrat" is saying to a Red Cross
woman: "you must not forget,
madam, that we won the war," and
she asks: "which one—the one you
kept us out of?"

THE Democrats won the first
Wilson Campaign by a promise to
reduce the H. C. L. and they didn't.
The second, on promise to keep us
out of war and they didn't. Should
the promises made in their next
platform be taken at face value?

SHUT OFF PALMER'S WASTE
Because Attorney General Palmer
has accomplished nothing in his cam-
paign against the high cost of living
and alien radicals, which the
greater part of the Department of
Justice appropriated was expended
this year, the House of Representa-
tives has defeated an amendment
to the Sunday Civil Appropriation
bill intended to increase the ap-
propriation for next year from \$2,000-
000 to \$2,500,000. "He has not con-
vinced any proficients" Representative
John MacCrack of New York, but he
has been telling people how to cook
chuck roast and make it taste like
sirloin steak. If the Department of
Justice is to be converted into a
department of household economics
it should be put in charge of one of
the millions of American women now
trying to change pa's pants into
son's pants while the Attorney Gen-
eral is attempting to make presiden-
tial garments out of the official
clothes he is wearing. No radical
leader in this generation has done
more to unsettle the nerves of the
American people than has the At-
torney General. He has awakened
class antagonism to a greater pitch
than any preacher of class warfare.
Whenever the country seems ready
to settle down and the national
nerves are about normal he breaks
out crying "the Republic is en-
dangered."

MILLET PRODUCE HAY
WHEN OTHER CROPS FAIL
Millet is a valuable crop to grow
for hay where other spring crops
have failed according to the Ohio
Experiment Station.

Millet has yielded as high as 4 1/2
tons of hay per acre in tests at the
Ohio Station. The German millet
may be planted in June; it does best
in warm weather.

Hungarian millet has yielded sat-
isfactorily and this variety is adapt-
ed to culture on thinner ground than
is German millet.

Millet may be broadcasted and
cultivated in with a harrow or drill-
ed in with a grain drill. Three or
four pecks of Hungarian or German
millet will seed an acre.

F. L. S. DARBY RESIGNS
FROM ELECTION BOARD
After many years of faithful
service as a member of the Fulton
County Board of Deputy State Super-
visors of Elections, F. L. S. Darby
has resigned from that Board and
the Republican County Executive
Committee has recommended Davis
B. Johnson to fill the vacancy, to the
secretary of State. Mr. Darby is
satisfied by his colleagues to be the best
qualified in the election laws of the
State of any person in Northwestern
Ohio and for years questions of in-
terpretation and application of the
election laws have been referred to
him as final in these matters
